Sheb: GJ returned indictment, with summons to appear on Wednesday.

GP: Surprised to have not heard back in respect to other issue we raised – decision to continue investigating MB

Sheb: heard report, considered it, felt we could move forward with charges

GP: Would have wanted to raise it up the chain; usually a response / opportunity to seek further process

Taken aback that not provided

Happy to have discussions about logistics on other part

Sheb: No request for further process, we didn't understand that was something you wanted

Charges went through supervisory review.

On logistics, understand difficulties with travel, but we want surrender this week, one day push at most.

JL: Will get back to you.
